

Grants and Donations ^[1]

Novartis Canada is deeply committed to providing support to organizations that deliver real benefits to our communities and beyond. To this end, we are implementing new guiding principles to determine which organizations are eligible to receive funding, and using updated submission windows to support this transition.

We have evolved our guiding principles to ensure our support drives impact for patients and the healthcare system. Starting in January 2022, all grant and donation applicants will need to meet at least one of the new three guiding principles:

1. Innovative digital and data initiatives that strengthen sustainable health systems leading to timely and high-quality delivery of care for patients.
2. Bold initiatives that promote health equity for patients in underserved communities that impact social and economic disparities in access.
3. Impactful healthcare community initiatives that improve patient experience and patient outcomes and aim to solve complex issues for patients and caregivers.

To support this transition, there will be three submission windows in 2022:

- Submission window 1: February 1 – March 31
- Submission window 2: June 1 – June 30
- Submission window 3: September 1 – September 30

A Requestor meeting the above criteria does not guarantee an approval for the grant or donation submission (see submission process section). You can find more information on the updated guiding principles, timelines and requirements [here](#).

If you have any questions, please contact contributions.canada@novartis.com ^[2]

STEP 1: ACKNOWLEDGEMENT & CONFIRMATION

I acknowledge having read the [Grants and Donations Guidance document](#) ^[3]
